

2026 Information Security Officer Seminar

Tuesday, June 30 — Johnston

Presented by: Emily Strickland - UFS Tech

With intensifying regulatory requirements and the constant increase in the number of cyberattacks on customer information, a heavy burden has fallen on the shoulders of the ISO and they need to be prepared for the challenge. This seminar is specifically designed to help both new and experienced ISOs successfully navigate this critical role. The day-long seminar will provide the critical knowledge and skills needed to perform as an ISO in banking today.

Course Topics

- The FFIEC regulatory mandate for the role of the ISO
- Best practices and evolving industry standards
- Segregating responsibilities with IT Management
- Cybersecurity management risks/rewards
- The ISO in a Crisis: How recent cyber-attacks impact ISO expectations
- Business Continuity Management challenges
- Third-party Risk Management – new guidance expectations
- Appropriate Stakeholder Communication:
 - Employees/Customer
 - The IT Steering Committee
 - The Board of Directors
 - Auditors & Examiners

Who Should Attend?

New and experienced Information Security Officers, compliance officers, audit committee members, IT Steering Committee Members and network administrators.

About the Speakers

Emily Strickland

Emily has an extensive background in community banking and has served as an Information Security Officer, Deposit Operations Manager and Loan Operations Manager. In her current role, Emily is responsible for researching FFIEC and other financial industry focused risk management and compliance guidance to provide thought leadership suggestions to augment Compliance applications and/or Services. Wearing her sparkly shoes, Emily can often be found speaking on behalf of our Compliance Team at conferences and tradeshows. She has served as member of the GBA Ops and Tech Committee and the CBA of GA Cyber Risk Committee. Emily is also responsible for the implementation and maintenance of our Compliance Services.

Emily is a graduate of the University of South Carolina and holds the ISACA certification for CRISC (Certified in Risk and Information Systems Control).
