2026 Risk, Security and Business Continuity Workshop

Wednesday, Feb. 4 — Johnston

Presented by: Eric Delgado & Emily Strickland - UFS Tech

This workshop will cover essential topics including AI adoption compliance, data storage, and regulatory alignment for US organizations. Participants will explore key security and compliance technologies within M365 while utilizing their laptops for hands-on experience. Additionally, the workshop will highlight the relationship between Business Continuity Management and Incident Response, focusing on resilience and regulatory expectations. Attendees will engage in a scenario-based exercise that activates both plans, discussing strategies and adjusting responses to unexpected challenges.
